

## Stonegate CHC's [SCHC] Online Properties: Collection, Use and Handling of User Information

SCHC uses cookies to help understand:

- how visitors access our online properties; and,
- visitor revisit rates.

When individuals visit SCHC's online properties:

- a pop-up notification will inform users that SCHC uses cookies and third party links and requires them to consent to the collection of information; and
- a link is provided to our on-line privacy practices.

Collection, Use and Handling of Identifying Information

- SCHC collects identifying information from users of our online properties for the sole purposes of contacting SCHC or for receiving information/ registration for SCHCs programs and services.
- When SCHC collects identifying information from users, they are made aware of the risks of transmitting information via the internet.
- Any personal information collected via SCHC online properties will be extracted and stored on SCHC servers.
